

SKIING EVEREST

“It is hard to do anything at such altitudes, where death lurks at every turn, let alone ski and survive to tell the tale.”

**– Jim Clash,
Forbes Magazine/Adventure Writer**

“Skiing Everest shows how the Marolt brothers and their small group of friends join the ranks of the small number of extreme high-mountain skiers that have taken their sport to the ultimate level.”

**– Ed Viesturs,
first American to summit all 8,000 meter peaks**
